FYI –

After briefly perusing, it looks like there are substantial issues with the closure aspects of the application.

Hello Barbara,

This is a followup to my voicemail on Exide Notice of Deficiency (NOD) that DTSC sent today. The NOD gives Exide 30 days to correct deficiencies in their permit application.

Attached is a copy of the NOD for your information. If you have any questions, please feel free to contact me at (916) 251-6397(cell) or Bill Veile at ( 916) 255-3605.

Ed Nieto

Office of Permitting
